FIFTEEN CENTS

## Elect Ray Toft league secretary

The Lake County Municipal League, a voluntary association of municipalities from throughout Lake County, elected its officers and board of directors for the 1984-86 term.

Edwin Schroeder, Mayor of Grayslake, was elected as president of the league.

Phyllis Albrecht, Lake Bluff Village President, was elected vice president, while Antioch's Mayor Raymond P. Toft will serve as the league's secretary.

Rounding out the group of officers is Libertyville Mayor Paul Neal, treasurer; and Lake Zurich Mayor Henry J. Paulus, who was elected sergeant-at-arms.

Area municipal officials chosen to serve on the board of directors include Evelyn Cooper, Lincolnshire Village President; Rudolph Magna Sr., Round Lake Village President; Colin McRae, Mundelein Mayor; Bobby Thompson, North Chicago Mayor; Richard Wellon, Gurnee Mayor; and Glenn E. Miller, Chairman of the Lake County Board of Supervisors.

The new officers and board members take office in June.

The league was organized to provide a unified voice on area municipal concerns and to serve as a forum for discussion on a variety of issues and problems, including local-county-state government relations, solid waste disposal, land use and zoning, transportation, and joint exploration of ways to reduce municipal expenses through municipal cooperation.

The league sponsors a number of activities, including informative membership meetings and workshops for municipal officials.

PARA Inc., a public management consulting firm based in Northbrook, serves as staff to the league.

Municipal officials desiring information on upcoming activities or League membership may call PARA at (312) 498-3277.

## Postmaster asks for more pet protection

With the arrival of summer, Antioch Postmaster Stanley A. Luta has asked dog owners to help protect their pets and their letter carriers from dog bites.

Luta said that over 7,000 of the nation's letter carriers suffered dog bite injuries last year.

Luta said no local carriers were bitten by dogs last year, and none have been reported

to date this year and thanks the community for their cooperation.

"Dog bites can be disastrous," said Postmaster Luta, "and that's why we're asking for cooperation from dog owners. We're hoping they will help protect their pet and their letter carrier."

Luta suggested that dog owners keep their pets away from the mailbox and the area used by the mail carrier for access to the property.

"If the pet is not kept behind a secure fence, then we suggest the owner restrain the dog with a leash or keep it inside during the usual hours of the carrier's delivery," Luta said.

The U.S. Postal Service has the right to protect its carriers by refusing to deliver mail to a household with an unrestrained dog. In cases where a dog is allowed to run loose in the neighborhood, and it interferes with a carrier, delivery service to the entire area could be affected.

The postal service also provides counseling to bitten carriers wishing to seek action against the dog owners.

## Good news in The News

### Batter Up

Antioch's baseball season is well underway and so is the Little League program.

All during the season the Antioch News will be running a special Little League page devoted to news and pictures of the ball teams and featuring pictures of some of the spectators.

Besides being at the games to cheer their favorite team on, spectators will have a chance to win a prize donated by one of the local retailers whose ads are paying for the page.

Every week, a lucky "face in the crowd" will be chosen and pointed out with an arrow.

### Arts And Crafts

The Antioch Chamber of Commerce and Industry announces that it is not too early to reserve space for the annual Arts and Crafts, and Antiques Fair, sponsored by the Chamber.

The fair will be held on Sunday, July 8, at Williams Park. For more information, call the Chamber at (312) 395-2233.

## Fire damages garage

According to Antioch Fire Dept. Commissioner Wayne Parthun, Antioch firefighters answered a fire call at 9:26 p.m. Thursday, May 14.

The fire did extensive damage to a garage owned by Robert Domagalski, 26. Domagalski's home and garage are located on West Spring Grove Rd., behind the Windjammer Restaurant, in Antioch Township.

The cause of the fire is still undetermined. Parthun said that vandalism had been ruled out but the case is still under investigation.

## He flies fastest Out of many Smiths Bernie is special one

by GLORIA DAVIS

"He flies through the air with the greatest of ease," but U. S. Air Force Major Bernard J. Smith, 36, isn't using a trapeze. He does his flying in one of the world's most advanced reconnaissance planes, the Strategic Air Force Command's SR-71.

Bernie, son of Mr. and Mrs. Charles Smith of Antioch, and a 1965 graduate of Antioch High School, got into the sky's really fast lane through the reserve officers' training program, which he took part in while attending Coe College in Cedar Rapids, Ia.

After getting his Air Force wings at Vance Air Force base in Oklahoma, he joined the 315th Tactical Airlift Wing and was assigned to Phan Rand Air Base, in Viet Nam, in the early 70s.

When he was promoted to captain, he and his wife Mary Kay found themselves proceeding with his military career at airbases such as Plattsburgh, in New York, and March Air Force Base in California.

In 1977 he received an award for meritorious service for distinctive accomplishments that contributed significantly to the successful operation of his unit, then the 4007th.

Many war games and specialized

courses later, he was promoted to major and began flying the SR-71s in 1977.

This revolutionary aircraft, made by Lockheed, outperforms all other reconnaissance aircraft in speed over a straight course, an unbelievable 2,000 mph, and can cruise for the longest time at altitudes over 80,000 feet.

Although he presently lives in Sacramento, Calif. with his wife and three daughters, he finds himself practically commuting between the U. S. and England and California and Japan.

In December of 1982 he received more military accolades for successfully recovering a crippled SR-71 under extremely adverse conditions.

While flying with Maj. Eddie McKim, at 70,000 feet and at Mach 3 speeds, on an operational night mission, Smith observed the plane's left generator fail.

Through an extremely hazardous situation, the plane was brought in safely with failing hydraulic systems, no brake system, the dark, inclement weather causing wing-icing and engines that could conk-out at any minute, all compounding what was already a dangerous and complicated landing.

## 4-H plans trip to swinging camp

The Lake County 4-H program is sponsoring a Swing Choir Camp scheduled for August 13-17. Youth, ages 13-17, will have the opportunity to spend five days and five nights at beautiful Camp Shaw-Waw-nas-see in Manteno.

The camp has excellent recreational facilities including hiking trails, a swimming pool and rustic cabins. Youth will receive music and dance instruction from Alan Floor, director of the Lake Villa Choral

Program, and Leslie Kiesel, an aerobics instructor and choreographer.

All camp participants will be eligible to audition for the 1984-85 4-H Swing Choir. Plans for the choir include performances throughout Illinois and possibly other states.

The camp fee is \$125 which includes meals, accommodations and transportation. For further information and an application form, contact the 4-H office (312) 223-8627.

## Purple martin time

Just as the swallows return to Cappastrano, so have the purple martins returned to northern Illinois from their annual seven to 10,000 mile annual migratory flight, reports Maryanne Kaht, member of the Illinois Audubon Society.

The martin which is the largest member of the swallow family consumes its weight daily in insects, predominately mosquitos.

The centuries-old question about where purple martins spend their winters was answered recently. Long presumed to winter mainly in the Amazon basin of Brazil, huge numbers have found to winter instead in the well populated town of Sao Paulo in southern Brazil.

During their winter stay, martins consume enormous numbers of injurious insects, particularly over cane and coffee crops.

Modern North American enthusiasts use a wide array of housing to attract these valuable birds. Tens of thousands of human homes have houses for these semi-domestic swallows.

Anyone interested in information about controlling mosquitos by attracting purple martins in your backyard please call Maryanne Kaht at 312-395-1898.

## Schedule lifeguard courses

The American Red Cross, Lake County District, is proud to announce the first Lifeguard Instructor Course to take place the week of Sunday, June 17, through Saturday, June 23, at Stevenson High School, 16070 W. Hwy. 22 in Prairie View.

For registration and information call the school at (312) 634-4000 or the Red Cross at (312) 949-1000. The registration fee is \$30 which includes all materials.

The course is open to current Water Safety Instructors (WSI), who have taught Advanced Lifesaving within the last two years.

## PLAQUE BUILDUP

Q. How quickly does plaque form on teeth?

A. Actually, film begins to collect on teeth only moments after they have been thoroughly cleaned. This film, called "acquired pellicle", is primarily made up of protein material from the saliva in the mouth. Soon after this pellicle is formed, mouth bacteria begin to collect on it, secreting polluting enzymes that are a destructive by-product of plaque.

This build-up continues over a period of hours until the plaque reaches maximum thickness. Measurable amounts can be noted within 6 hours after teeth have been cleaned. However, the rate of build-up varies from person to person and from tooth to tooth.

## Meeting supports stricter drunk-driving penalties

A person who burglarizes a store can receive a longer prison sentence than a drunk driver who causes a highway fatality, a state's attorney told participants in a recent hearing in Antioch.

The hearing was the second held in the 31st District concerning a bill Senator Adeline J. Geo-Karis, R-Zion, has introduced in the Illinois Senate to require heavier penalties for persons found guilty of reckless homicide while driving under the influence of alcohol or drugs.

Senator Geo-Karis, in SB 422, is asking to have the status of that crime changed from Class Four felony, which calls for one to three years imprisonment, to Class Two felony, which carries a three to seven years penalty.

Lake County State's Attorney Fred L. Foreman said the inequity of the present "mild punishment for a crime involving the death of another" becomes apparent when compared with penalties in other so-called non-violent crimes.

He said a person who burglarizes a store can receive a sentence of three to seven years, and a person who burglarizes a home must receive a minimum of four years.

"The resulting harm from these crimes pales in significance to the ultimate harm, loss of life," he stated.

In as many as 90 percent of reckless homicides, a driver under the influence of alcohol or drugs is involved,

David Osborne, president of the Alliance Against Intoxicated Motorists, testified.

"There has to be responsibility and accountability.

We must get away from the thinking that this crime is an involuntary act that results in a death. Someone voluntarily got drunk and voluntarily drove," he emphasized.

Barbara Chapman, who represented the College of American Pathologists at the meeting, said her organization continues to compile traffic fatality statistics and the figures are frightening.

She said a lot of jurisdictions do not fully test all drivers involved in fatal accidents, but where full tests are done, 80 to 85 percent of drivers are under the influence of alcohol.

Lynn McLaughlin, representing a state task force on drunk driving, said on any Saturday night, one of 10 people driving on the highways is legally under the influence.

He pointed out that the yearly total nationally is 25,000 people killed and 750,000 injured in accidents involving drinking drivers.

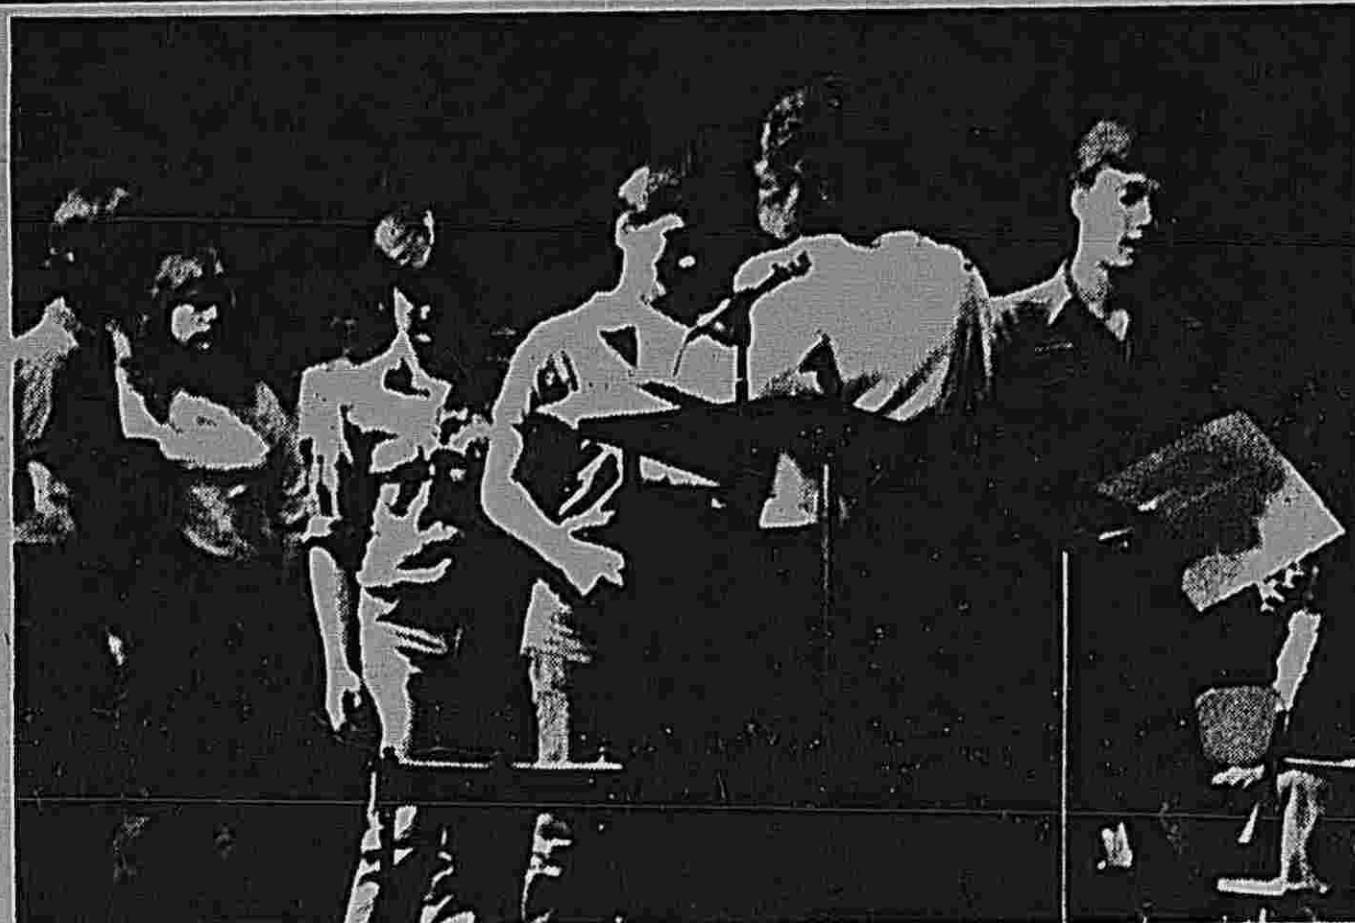

Wayne Andersen, deputy secretary of state, testified that Senate Bill 422 is a necessary bill if we are to save lives from drunk and drugged drivers.

Among others who testified in support of the bill sponsored by Senator Geo-Karis were Fred Leeds of the Illinois State Police and Lou

Lowder, executive director of the Illinois Motor Vehicle Laws Commission.

There was also testimony from family members of accident victims and from persons injured in accidents involving drunk drivers.

Senator Geo-Karis reaffirmed to the participants her determination to help bring about heavier prison sentences for drinking drivers convicted of reckless homicide. "We must make the punishment fit the crime," she said.

## 'Footlights' flicker

St. Peter Parish, Antioch, is pleased to announce that preliminary preparations for this year's entertainment extravaganza "Footlights '84 Goes to the Movies" are now in full swing.

General chairman Jim Haley has announced that this year's benefit will again be presented on two consecutive weekends, Nov. 2 and 3 and Nov. 9 and 10.

In addition to some of the returning "Footlights favorites," there will also be several surprises in store for guests at this year's extravaganza.

Entertainment this year will include an all new original musical movie revue, featuring many local

talents, and a new production written and presented by the faculty and staff of St. Peter School.

Because of this year's planned expanded format, there are still several rooms available to interested persons to organize and manage.

Interested parties, including individuals and also groups, such as theatre groups or professional entertainers, who may like to organize and present a theme show, play or other entertainment format are urged to contact any "Footlights" committee member or call the St. Peter Church Rectory Office at (312) 395-0274 for further information.

## When I think about it

## Good news or bad news, which is more popular?

by GLORIA DAVIS

When one is in the newspaper business the cry for less "bad news" and more "good news," is one that pops up from the readers with predictable regularity.

Now, depending on what one considers to be "good news," the weekly local newspaper probably is responsible for printing more positive information than any other part of the media.

This type of publication is the only place where pictures of students winning awards, community organizations donating to worthy causes, and feature stories on local people of unusual accomplishment, appear.

Of course we do cover accidents, fires and controversial municipal happenings, as well as burglaries and untimely deaths.

That's because, depressing as they might be, those incidents are an integral part of what's happening in the local area.

They fit just as well as the park district agenda, since the definition of news is "a report on the various events occurring in a specific area."

Everytime I call the circuit court clerk's office to get particular trial information, I get greeted with "you again, don't you ever print any good news in your paper?"

Although we print all the good news we can get our hands on, the problem is that the majority of readers are quicker to read stories about blood and gore than anything else.

Time after time, newspaper sales have proven that most people evidently prefer to read about sex, violence and mayhem. Case in point, a front page of one of our papers was emblazoned with a 72 point headline that screamed, Woman Dies During Sex Orgy.

That paper sold out. In fact, a special press run to satisfy waiting customers was necessary.

Sad to say, the only people that seemed to rush out and buy the paper that featured the school that had seven valedictorians (all having straight A's for four years), were their parents.

The recent popularity of those horrible horror films, so immense that we were exposed to that disgusting Halloween monster in sequel after sequel (all big money makers), is another example of the masses' yearning to be nauseated and frightened to death.

Of course the top example of the call for printed stories on violence, the bizarre and the distasteful, is the horrendous popularity of tabloids like "The Enquirer."

Let's face it folks, a newspaper is a business, and one of the first rules of a business is to give the customers what they want.

The type of news the public demands is clearly illustrated by the unbelievable circulation of "The Enquirer."

It seems that the only people interested in nice happenings are those that the nice things happen to, and maybe their friends and relatives.

Dr. Freud could probably explain why we are always interested in someone else's bad news. Could it be the old "misery loves company" bit, or maybe it's that equally old story, "the more bad people I know of or about, the better I think I am."

Bad news also seems to appeal to those too insecure to believe they have anything interesting to say unless they can be the first to relate the latest ghastly gossip. If so, their numbers must be myriad!

So until people-preference does a complete turnaround, the Charles Mansons and the John Wayne Gacys of the world will continue to glare from the front pages, and their deeds will go on being exploited on the radio stations and the tv channels.

The only way I can see the amount of good news starting to outnumber bad news is for the supply to start falling far below the demand in the last department.

Some famous people had their own opinions on this matter.

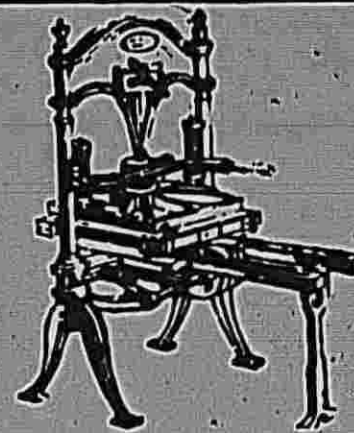

Finley Peter Dunne said, "There ain't any news in being good. You might write the doings of all the convents of the world on the back of a postage stamp and have room to spare."

On the other side, John Milton said, "Good, the more communicated, more abundant grows."

Further proof of this petrifying pudding is the success of all the violence-filled tv series.

Stop and think about it. When was the last time you asked a happy-looking person with a smile on his or her face, why the smile?

But the minute one appears with a bandage on one's face signifying some sort of catastrophe, everyone asks, "Wha happen?"

## The Time Machine

FIFTY YEARS AGO: MAY 31, 1984

Rev. J. E. Charles, pastor of St. Ignatius Church, spoke at the Antioch High School graduation ceremonies.

Mr. and Mrs. Charles E. Van Patten had their 10th annual visit from Mr. and Mrs. W. Freberg who motored across country to visit.

The 66 seniors represented the largest graduating class in Antioch High School's history.

Louise Simmons gave a miscellaneous shower for Esther Stearns.

Mrs. W. C. Petty, Mrs. Chris Mortensen and Mrs. William Osmond were three of Antioch's Girl Scout leaders.

THIRTY YEARS AGO: June 3, 1954

Parking meter fine boxes for over-parkers' convenience were put up by the village.

Virginia Carney, Antioch telephone operator, received an award for her quick action that is credited for saving the lives of the three Cermak children when she summoned because the children were found at home unconscious.

The Daughters of the Grand Army of the Republic, having closed the local fortress, gave all their mementos and possessions to the Antioch American Legion and its auxiliary after the Memorial Day Parade.

Wendy Midelev and William Terry received the American Legion medals given to Antioch High School students.

Richard Widmark and Marilyn Monroe were appearing at the local movie house in "Don't Bother To Knock."

TEN YEARS AGO: May 29, 1974

Lake Villa Police Chief William Moore handled the matter of the four-and-one-half-foot bullsnake that was found wondering downtown.

As a first step in beautifying the downtown shopping district, the Antioch Chamber of Commerce was getting commitments from the merchants, each honey locust tree to cost \$125.

The Antioch Packing House, owned by Joe and Helen Patrovsky, celebrated its 50th anniversary.

Oakland Grade School was making plans to use portable classrooms in the coming school year.

Mike Stout and Mike Ksiosck were two Little Leaguers that had their pictures in newspaper in action.

The State Bank was selling new \$1 bills for 95 pennies each.

Theodore Roosevelt was America's first president to fly in an airplane. The event took place in 1910, more than a year after he had left the Presidency.

## Along the way with ANNIE MAE

Congratulations to Todd Stolarik who graduated with top honors from Motorcycle Mechanics Institute in Phoenix, Ariz., on May 10.

He received a letter from John C. White, president of the institute, congratulating him for his outstanding accomplishment in achieving an appointment to the director's list for top honors in theory and clinics.

Todd was also named the "student of the phase" for his achievement in clinics.

Todd is now employed at Suzuki in Waukegan.

Other students who have made their academic mark are Scott Poulter, son of Mr. and Mrs. Donald Poulter, who was named to the dean's list at St. Norbert's College in DePere, Wis. and Henry Schmidt who graduated in business administration and government, receiving departmental honors from Monmouth College, Monmouth.

Henry's proud mom and dad are Mr. and Mrs. Henry Schmidt.

## Announce sewage valuation

The Lake County Health Dept. Environmental Health Division announced that it will now offer additional water supply and sewage disposal evaluation services.

The evaluations are requested by realtors, lawyers, lending institutions and homeowners who need certification of the water supply and sewage disposal system prior to the completion of a housing sale or mortgage transaction.

Analysis of drinking water for nitrate concentration will now be offered in addition to

the analysis of bacteriological quality.

Analysis for nitrate is required for VA/FHA mortgaging. Its presence in their drinking water can cause illness in young infants who cannot digest/metabolize the chemical as adults do.

"We are pleased to provide this additional service in Lake County," said Steven R. Potsic, M.D., M.P.H., executive director of the Lake County Health Dept.

"Now persons needing the evaluation for home sales

can have all the required testing done at one time," he added.

Fees for evaluation of water supply and sewage disposal system for home sales are as follows: water supply and sewage disposal, \$75; water supply only, \$50; sewage disposal only, \$75.

Further information on water supplies and/or septic disposal system evaluations is available from the Lake County Health Dept. Environmental Health Division at (312) 689-6740.

# United Way Goal set at \$2.8 million

The goal for the 1983-84 United Way of Lake County campaign has been set at \$2,800,000 by the Board of Directors. This figure includes allocations to 35 member agencies, United Way Central Services Budget and a Shrinkage Reserve.

It is a 15 percent increase over the amount raised last year, according to John E. Condon, President.

"With state funding of social services being cut, many of the agencies we fund will lose those sources of funding," Condon said. "At the same time the needs for services such as family counseling, shelter for battered spouses, and services for senior citizens will only increase. We feel this goal represents our intention to be responsive to serving the needs of Lake County people—and we're counting on Lake Countians to show their concern."

The goal is established after local volunteers review the 35 member agencies' requests. About 60 people were involved in this allocations process over the past eight weeks. They visited agency facilities, studied financial and program data and met with agency volunteers and staff to develop a recommendation for the Board of Directors.

Condon commended Roy Kerr, vice president of allocations, and the members of the Allocations Committee for devoting over 1,800 "person-hours" in providing the accountability for the money raised the United Way.

The following breakdown of agency allocations includes funding for 35 agencies who will provide a variety of services to over 146,000 individuals in Lake County in 1985:

American Red Cross, \$258,776; Epilepsy Services For Northeastern Illinois \$40,404; Interfaith Community Services, Inc., \$50,382; Halfway House, \$62,412; United Service Organization, \$20,000; Prairie State Legal Services,

\$21,765; A Safe Place/Lake County Crisis Center, \$90,839; Barwell Settlement, \$32,000; Happy Day Nursery School Children's Educational Center, \$89,112; North Chicago Civic Service, \$8,290.

Also, The Salvation Army, \$49,176; Zion-Benton Children's Service, \$33,250; Connection Telephone Counseling & Referral Service, \$56,022; Lake County Urban League, \$95,000; S.E.R., \$32,856; YMCA of Greater Lake County, \$109,071; YMCA South Genesee Branch, \$96,090; YWCA, \$123,793; Catholic Charities, \$144,578; Family Care Service of Lake and McHenry Counties, \$39,631; Family Service of South Lake County, \$37,313; Family Service Agency of North Lake County, \$224,730.

In addition, Youth & Family Counseling, \$87,636; Central Baptist Children's Home, \$28,637; Countryside Association for the Handicapped, \$49,743; Glenkirk

Association for Retarded Citizens, \$17,065; The Grove School, \$10,273; Lake County Society for Human Development, \$73,284; Northern Illinois Council on Alcoholism, \$48,980; Illinois Prairie Girl Scout Council, \$52,500.

Other agencies funded by United Way include: Northeast Illinois Council, \$86,720; Northwest Suburban Council Boy Scouts of America, \$6,700; Sybaquay Girl Scout Council, \$6,343; Omni-House: Youth Service Bureau, \$43,295; Greenhouse Youth Services, Inc., \$16,500.

All allocations are tentative sending the anticipates success of the annual fall campaign. David Buyer, vice president of campaign, accepted the challenge of the goal, noting that the potential for raising funds is as great as the needs for these essential services.

## Rent-A-Camp newest recreation operation

"Rent-A-Camp," the Department of Conservation program offering low-cost, "tailor-made" camping experiences on a rental basis at Chain O'Lakes State Park, begins its third year of operation May 1 with no changes from the previous year.

DOC associate director Charles Tammenga, head of the Department's Bureau of Lands and Historic Sites, said 18 state parks again will offer ready-made, fully-equipped campsites until Oct. 31 at a rental charge of \$8 or \$16 in addition to those parks' regular camping fees, which range from \$2 to \$6.

As in 1983, 14 by 14-foot, eight-cot tents for large families will be provided at several sites, Tammenga reported. Most areas will have four-cot wall tents, he said.

At each site, users will find a tent, cots, charcoal grill, battery-powered camp light, fire extinguisher, broom and trash pan, fire ring, picnic table and trash barrel. All the tents have canvas floors and are on wooden platforms for protection against inclement weather and to increase air circulation. Although reservations are not required, they are recommended.

The program is an inexpensive introduction to camping for those who have not yet tried it, and is a service to experienced campers who do not own camping gear or cannot easily transport such equipment, Tammenga explained.

Parks, having Rent-A-Camp sites, besides Chain O'Lakes are Apple River Canyon, Joe Daviess County; Jubilee College north-west of Peoria; Mississippi Palisades, Carroll County; Lake Le-Aqua-Na, Stephenson County; Rock Cut, at Rockford; Fox Ridge, south of Charleston; Weldon Springs, near Clinton; and Moraine View, southeast of Bloomington.

Also: Wolf Creek, on Lake Shelbyville; Kickapoo, west of Danville; Pere Marquette, near Alton; Eldon Hazlet, on Lake Carlyle; Giant City, 12 miles south of Carbondale; Siloam Springs, on the Adams-Brown county line near Clayton; Ferne Clyffe, at Goreville; Lincoln's New Salem, northwest of Springfield; and Wayne Fitzgerald, on Rend Lake.

Two-Rent-A-Camp units will be offered at each of nine parks - Kickapoo, New Salem, Chain O'Lakes, Giant City, Pere Marquette, Hazlet, Rock Cut, Wolf Creek and Ferne Clyffe. The other locations will have only one site. Large-family tents will be found at Ferne Clyffe, Rock Cut and Wolf Creek State Parks.

Rental fees are \$8 for sites having small tents and \$16 for those with the large units, plus the camping fees normally charged at the campground where the Rent-A-Camp facilities are located: \$2 for Class D areas (no vehicular access); \$3 for Class C areas (those having vehicular access only); \$5 for Class B sites (having

vehicular access, plus electricity or showers); and \$6 for Class A areas (those offering vehicular access, electricity and showers).

Check-in time is 4 p.m. Rent-A-Campers must check out by 3 p.m. the following day or on the last day of their stay. Rent-A-Camp sites may be rented for up to 14 consecutive days. No dogs or other pets are allowed.

Reservation forms or further information on the program may be acquired at the site or by writing to the Department of Conservation, in care of Rent-A-Camp, 524 South Second St., Springfield, IL 62706. The phone is (217) 782-6752.

A deposit of one night's Rent-A-Camp fee is required before the site will be reserved. Deposits are not refundable.

Reservations are confirmed in writing. A sheet explaining check-in procedures, and listing items campers should carry with them also is sent with the confirmation notice.

Campers are responsible for the rental equipment, which will be inventoried at the end of the user's stay.

Glass was first manufactured in the New World in 1608 in Jamestown, VA. The work was disbanded after seven years for more profitable tobacco growing.

## Sequoits sparkle

Sophomore Denise Maple pitched seven sparkling innings of two hit softball against North Suburban rival Mundelein High School, along with a strong defensive effort by the lady Sequoits, Maple struck out a J.V. record of 18 batters, as the Sequoits assured themselves a tie for third place in the North Suburban Conference.

The game was highlighted by strong defense by both teams, and was a strong indication of the great improvement made throughout the 1984 season.

## State Fair

The grandstand line-up has been announced for this year's entertainment for the Fair, August 9-19. It includes Little River Band, Louise Mandrell, B. B. King, Rod Stewart, Alabama, Toto and Willie Nelson.

## Survey Shows 'Get Tough' Attitude

Heavier penalties for persons who drive under the influence of alcohol or drugs and cause traffic fatalities were favored by 93 percent of participants in a recent survey, Sen. Adeline J. Geo-Karis, R-Zion, announced today.

"The survey was conducted during the Zion Home Show, which draws hundreds of people from all over this region," Sen. Geo-Karis said, "so the opinions of the 400 who took part should reflect general attitudes of area voters."

Sen. Geo-Karis, who is sponsoring a bill to impose longer prison sentences for persons guilty of reckless homicide while under the influence of alcohol or drugs, said the 93 percent response indicates the urgency of this issue. Her bill would, in effect, double present prison terms for offenders.

The strongest majority vote in the survey was on the

question of whether students should be able to prove competency in basic subjects to receive high school diplomas, with 95.4 percent saying yes.

Other education issues drew more divided responses. Almost 63 percent believed elementary and secondary education systems need more money. Nearly 61 percent would favor an increase in state income taxes to provide more funds for education, if local property taxes were lowered proportionately. The proposal for a state-supported residential academy for high school students highly talented in mathematics and science drew a 55.8 percent approval.

Mandatory automobile liability insurance was favored by 89.5 percent of

those surveyed. Asked if a flat 10 percent but in funds for all departments of state government would help reduce waste in government, 60 percent responded yes.

On abortion, 47.9 percent felt it should be a personal choice, while 36 percent favored a federal amendment prohibiting abortion except to save the mother's life or in cases of rape or incest and 14 percent opposed all abortions.

In questions about landfill pollution of ground water, 90.8 percent of those surveyed felt ground water should be monitored for pollution. If such pollution

occurred, 89 percent felt landfill operators should pay for damages.

## Repairs Start

Governor James R. Thompson announced last week that the Illinois Department of Transportation is undertaking a \$23 million spring road repair program to fix 200 miles of Illinois' winter-ravaged highways and bridges.

## Attends Campus Day

John Carson, Antioch, was a visitor at the University of Wisconsin-Whitewater's On-Campus Day.

## Boat Accidents Down In Chain

A review of boating accident data on the Chain O'Lakes shows that in recent years most accidents occur in Antioch township lakes. This surprising fact came as a result of an audit of the boating accident records of the State of Illinois Conservation Department for the past ten years.

Copies of the yearly reports were supplied to Dr. William Dam, Fox Lake Trustee and a member of the Fox Lake Economic Development Commission, by Larry Closson, Director of the State Conservation Department.

For 1981, 1982 and 1983 the accidents were broken down as to which lake was in-

involved. Thirty-six percent of the accidents reported occurred on Pistakee, Nippersink or Fox Lake. The other 64 percent occurred on Grass, Channel, Catherine, Petite or Lake Marie.

A similar lake by lake breakdown was reported for a similar period five years earlier, 1976, 1977 and 1978. This revealed an overall decrease on the Chain of 58 percent over the past five years for this corresponding period. For the Fox Lake area the drop in accidents was an impressive 71 percent.

"I think our community can be proud of the current safety record on our lakes," says Dr. Dam.

## American Legion leaders installed

The next meeting of Antioch American Legion Auxiliary Unit 748 will be held at 7:30 p.m. Monday, June 4 at the Legion Home on Ida St. Plans for the joint installation of officers from the Antioch post and unit along with the post and unit from the Zion Benton area will be discussed along with choosing chairwomen for the various programs through the auxiliary year.

Unit 748 members are urged to try to attend, even if it is the only one. After hearing what the key programs are, you might find there is something you

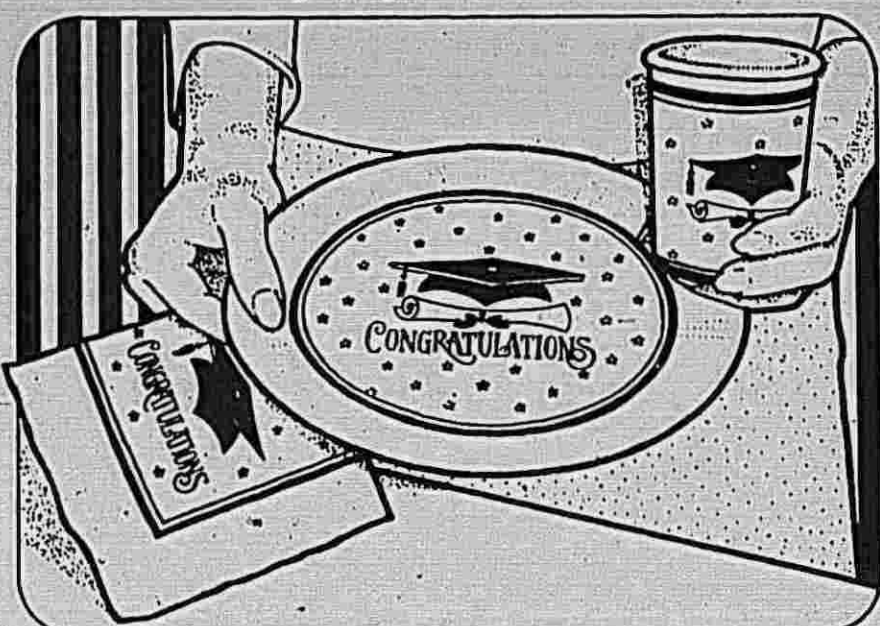

could do that would help us, and still take a very small portion of your time only once a year, officials said.

## Frank Petykowski

Airman Frank R. Petykowski, son of Robert T. and Judy L. Petykowski, Antioch, has graduated from the U. S. Air Force electrician course at Sheppard Air Force Base, Texas. He is a 1982 graduate of Antioch Community High School. Petykowski is scheduled to serve with the 42nd Civil Engineering Squadron at Loring Air Force Base, Maine.

# Sequoits share NSC crown with Warren

After two close wins at Lake Forest and Mundelein, in the season closer, the Antioch High School varsity baseball team remains tied with Warren for the North Suburban Conference Crown as they head toward the start of the regionals on Thursday, May 24.

This makes it the third conference championship in a row for the redmen.

The Sequoits are 15-3 in conference play, and 15-7 in overall play, as they get ready to play the winner of the Mundelein-North Chicago game Thursday, May 24.

"Our defense has been holding up and we have to keep our pitchers up for the regionals," said Sequoit Coach Tom Baba. Baba was referring to the fact that two of his pitchers, Jim Kouth and Jim Johnson, went on the injured list early in the season.

The Sequoits skimmed past Lake Forest, 10-9, at Lake Forest, on Tuesday, May 15, with John Humphreys going all the way for the win.

Joel Bissing hit two singles and had two RBIs; Craig Prather had a single and an important triple that came

in the seventh inning when the bases were loaded to give him three RBIs; John Ruggles was three for three, with one RBI.

Antioch scored one run in the second, one in the third and fifth, four in the sixth, and three in the seventh.

On Thursday, May 17, Frank Mahar did a fantastic job for the Sequoits on the mound against Mundelein, allowing only one hit, one unearned run, and tossing six strikeouts and four walks to give him a season record of 3-0.

Antioch took this one home, 2-1.

## Offer swim lessons

The Antioch Aqua Center is being prepared for the 1984 Summer. Swim lessons will begin June 18. There will be a special registration at the Aqua Center June 7, 8 and 9 from noon until 6 p.m.

Anyone interested in signing up for lessons can come on these days or any time the pool is open. Sign up will consist of payment at that time. If there are any questions please call Antioch Parks and Recreation at (312) 395-2160.

The Antioch Park and Recreation Program has information on a tennis tournament that was to have been run June 18. This has been changed to Saturday, June 23 from 10 until 2 p.m.

Anyone wishing to sign up can come into the Parks Office at 874 Main St. or for information call Glenda at (312) 395-2160. Other upcoming events include the Annual Road Race on June 10, Miss Antioch Pageant on July 3 and the Annual July 4

parade at 10 a.m. Anyone interested in entering please call the Parks Office.

The monkey wrench is named after its inventor, a London blacksmith named Charles Moncke.

## Register Now For SUMMER ADVENTURE Central Lake YMCA Day Camp

This summer the Central lake YMCA will again be offering 4 sessions of Day Camp. The sessions are:

SESSION I: JUNE 18-23  
SESSION II: JULY 2-13  
SESSION III: JULY 16-27  
SESSION IV: JULY 30-AUG. 10

### OUR CAMP'S GOALS AND OBJECTIVES:

We want to provide your son or daughter with a memorable experience this summer. That's why we plan our activities in an atmosphere that is conducive to both fun and learning. We want kids to have fun at camp. We want them to learn too. That's why we provide a wide variety of activities.

### AM AND PM ACTIVITIES:

Campers are placed in groups (by age) with one of our counselors. The camper/counselor ratio is approximately 10:1. Each group participates in sports activities, crafts, nature study, hiking, fishing contests, arts, Friday cook-outs and more!! We have swimming lessons at an indoor pool every afternoon too! Each week there is one full-day trip. Special activities are scheduled each session, such as the Costume Day, Olympic Day and International Day.

### BUS SERVICE:

Bus service is provided by the YMCA at no additional charge. There will be pick-up points in Mundelein, Libertyville, Vernon Hills, Grayslake, and Wildwood. The bus schedules are determined by the geographical distribution of the campers each session.

### DAY CAMP LOCATIONS:

The camp will be held at Lakewood Forest Preserve which has a wooded area, small lakes for fishing and plenty of wide open space. A few days each session will be held at Moraine Hills State Park.

### CAMP FEES:

Everything Included in Fees (no extras)  
\$ 90.00 Member 2-Week Session

**Eight And Forty**

Lake County Salon No. 191 of the Eight and Forty, will hold its next meeting Wednesday, June 6 at the Gurnee American Legion Post Home. The 7:30 p.m. meeting will be preceded with a picnic 'share-a-dish' supper at 6:30 p.m. Chapeau Barbara Klemm, of the Gurnee Legion Auxiliary Unit, reminds us we will have the honor of entertaining Departmental Chapeau Camille Erasmus, so please partners—try to attend if at all possible.

**AARP fetes seniors**

The Antioch Area Chapter No. 387 of the American Assn. of Retired Persons (A.A.R.P.) celebrated Senior Citizen Day during the regular meeting May 22.

President Robert Ullrich introduced Esther Aiani, chairman for the day. Aiani presented Florence Babucek, marketing officer for the State Bank of Antioch. Babucek presented a gift to charter member Clara Johnson, who wasn't able to attend as she is in a

nursing home. A gift also was presented to Norman Mackinzie, who is the oldest living member of the Antioch Chapter. Mackinzie is 96 years young.

Tour Chairman Glen Peterson told of two trips he is planning. One is to Green Lake, Wis. and the other to Lake Winnebago, Wis. They will be in July and August. More news on these will be presented at a later date.

Tickets for the installation dinner will be on sale again at the next meeting.

All are asked to get their ticket at that time so planners know how many to count for. The installation dinner will be held at the Windjammer Restaurant, Rte. 173, Antioch, on Tuesday, June 26.

# Faces In The Crowd ... Antioch Little League

Sponsors Make This Feature Possible — Show Them Your Appreciation

**\* WHO IS THIS FACE IN THE CROWD?** See Below

## Antioch plays ball

The Antioch Boys Little League began its season on Sunday, May 13. The Triple A teams are set to go on Tuesday, May 29, and Antioch Double A teams will begin their season on Monday, June 4.

The Senior Boys are set to start on Tuesday, May 29, and the Senior Girls got down to serious ball playing on Sunday, May 27.

Standings for all the leagues as well as short updates on the games will appear on this page as the coaches and officials give them to the newspaper.

Camel's-hair brushes are not made of camel's hair. They were invented by a man named Camel.

## \* HOW TO WIN — "Face In The Crowd"

You can win prizes from sponsoring merchants if you are one of the Faces In The Crowd. A prize will be awarded weekly to the person who can identify themselves as a fan photographed by the Antioch News photographer. To claim your award simply come to the News office, 952 Main Street by the following Monday after publication. Prizes are of varying monetary value. Awards will be issued in descending value in order of identification. Follow this page weekly. You may be one of the Faces In The Crowd. Don't miss out on a gift.

Prizes Must Be Picked Up  
The Week After Publication Date.
